

Reading Game 4

Cast a Reader

This reading game will require your students to use their imagination to cast a book as if it was a film, and then make a poster for it.

Materials: a box or a hat, pieces of paper, A5 paper sheets and coloured pencils for the film poster

Procedure:

Write the titles of books on pieces of paper and put them in a box or a hat. Each team has to draw a title and cast a film with contemporary actors. When they are ready, they have to create a film poster with a slogan for the book/film. You can either use original film posters as a sample, or you can look for film poster creator websites on the Internet.
